WEDNESDAY, OCTOBER 25, 1967

VOL 8 NO. 39

10¢ per copy

David Brandrick

David Brandrick, son of Mr. and Mrs. R. T. Brandrick of 19 Gordon Crescent has won the Queen Elizabeth award as the top student of the year in the telecommunications technology at the Northern Alberta Institute of Technology. He will receive \$50 in cash and a \$300 tuition credit at NAIT. David has attended both the George Simpson and the Paul Kane schools in St. Albert. Registrations in the communications courses have increased by leaps and bounds this year. There are over 100 students in the course.

St. Albert High Graduation Exercise

by Hennie Stibbe.

It was a proud occasion for the graduands, teachers and parents when the largest class in the history of St. Albert High was honored at the School's Graduation Exercises held in the spacious auditorium of the new school Oct. 12.

In his opening remarks School Principal W. Soprovich said the Class, which numbered 38 students was a "very persevering group", one which showed a "tremendous amount of togetherness". Mr. Soprovich, justifiably proud of his modern school recalled with some glee previous years when "we lost 3 students during the processional to the stage".

Mayor Richard Fowler

brought greetings from the Town.

Brian Klak gave the Tribute to the Parents, "...the people who made this evening possible. As evidence of their wisdom and insight we are here tonight". Public School District Superintendent V. J. Maloney said he was "most deeply moved when I see what young people can and do do".

In paying tribute to the teachers Judith Bernard said "the honor which is ours tonight is due to the diligence of the teachers who saw us through".

The Class History was given by Yvette Houle, a St. Albert Public School student since Grade 1. Yvette recalled the 39 students, waiting eagerly to enter Grade 1, back in 1956. Roland Perrott paid tribute to the School Board. Valedictorian was Dianne Soetaert. The Programme was interspersed with vocal selections by the High School Choristers.

Numerous Scholarships and Awards were presented to the Graduands. General Proficiency Awards were won by Dianne Soetaert, Theodore Kalkin, and Janet Oliphant. and Rachelle Cournoyer tied for third in the Grade 12 Departmentals. The CWL Scholarship was shared by Barry Flynn, and Rachelle Cournoyer.

Lions Club of St. Albert Scholarships were awarded to Dianne Soetaert and Theo-

Continued on pg. 2

Council Reviews Procedure

At the Oct. 23 meeting of council of the Town of St. Albert the assessment procedure came under full review.

John Frost was present and outlined the timing and assessment methods used. He was questioned by council as to method of land assessing using the market value method as compared to the residual. Mayor Fowler was asked to investigate Edmonton's methods as compared to those used here.

As the Returning Officer was unable to attend the report of the Oct. 18 elections was tabled to a future meeting.

A municipal grant from the department of municipal affairs in the amount of \$42,000 was paid directly to the department of education although it was due to the town of St. Albert. The explanation from the department being that St. Albert had not yet paid its school requisition. A councillor commented that this was in fact the garnisheeing of town funds by the provincial government, and surely, he said with a smile, should have the approval of the LAR.

The possibility of establishing an early budget in 1968 was discussed and Mr. Fleming was instructed to present a draft budget at the first meeting in 1968.

Richard Wheatley was made deputy mayor for the next two months.

During the time set aside for new councillors, newly elected Don Bull, questioned several town by-laws and moved that they be repealed.

The first was by-law 1468 dealing with the channels councillors use to get information from various departments. Present methods restricts councillors from access to certain documents and records, he said. Motion was rescinded this was lost by a vote of six to one.

By-law No. 900 states that the secretary-treasurer may use his discretion when passing on mail to council or appropriate committees. Mr. Bull labelled this as censorship and implied that mail addressed to council need not necessarily reach council.

Mayor Fowler explained that all mail addressed to him came to his desk unopened. All mail addressed to the mayor and council or councillors is seen by the mayor and that mail addressed to the secretary-treasurer or department heads is directed by the secretary-treasurer to the appropriate departments or committees. Motion lost by vote of 6 to 1.

By-law No. 1035 authorizes the secretary-treasurer to pay accounts of urgent nature without prior approval of council.

The defence for this was given by Mr. de Bruijn saying if it was not for this council would be barred from taking advantage of 10 day discounts and so on and it would also restrict the issuing of emergency welfare payments, and after further discussion Mr. Bull then withdrew this resolution.

Mr. Bull asked for a complete review of the handbook and the by-laws of the town.

This would be an impossible job, literally taking years, as it involves by-laws going back to 1954 or thereabouts. The motion then was rephrased that council review the policy handbook and all policy by-laws. This was passed by a 4 to 3 vote and the policy handbook will be the first to be reviewed. Mr. de Bruijn volunteered to assist in the review.

Due to a lateness of the hour the remaining councillors said they would postpone their remarks to another meeting.

Hon. J. Greene in Sturgeon

The Federal Minister of Agriculture, Honourable Joe Greene speaks to a group of farmers in Morinville on Oct. 26. The Minister will also visit farms in the Bon Accord district in the morning.

During the afternoon Mr. Greene will visit the Alex-

ander Indian Reserve Farm Trust to see first-hand what the trust has accomplished in developing the farming enterprise.

Mr. Greene is visiting the area on behalf of Allen Sulatycky the Liberal Candidate in the Nov. 6 Jasper Edson by-election.

The official swearing in of the new members of the St. Albert Protestant Separate School Board took place on Oct. 19. Here we see the entire board seated at the table after the ceremony. From left to right are: new member J. A. Wiltshire, Dr. W. D. Cuts, Messrs. Ron Harvey (chairman), Bill Penrose, C. Schroder. Standing are E. Murray, Secretary-treasurer, and Dr. J. W. Chalmers, Superintendent.

Last Chance at Old Math

The St. Albert Separate Protestant School are offering adult education classes and among the courses being offered is the old math, 30 course.

For those needing this course for university entrance anytime in the future this is the last chance they will have to get it. It is not even being offered at the high school. The new math, that replaces it will not be so easy for those who have not taken it in high school.

A meeting was called at the Paul Kane high school last week for those interested in taking night classes in academic, commercial and hobby courses with enough attending that certain

courses were arranged for them.

A committee of teachers in the various subject areas were present and school trustees Ron Harvey, Bill Primrose and Dr. W. D. Cuts assisted in organizing the group.

Oct. 30 is registration night at Paul Kane school and some of the classes will be held that night. Others will be re-arranged to suit student and teacher.

Courses are typing, shorthand, English 30 and math, 30.

Russell Will Not Ask For Recount

Robert Russell announced this morning that he would not ask for a recount of the school board election results that ended with Mr. Wiltshire's name being drawn after both candidates were tied at 468 votes each.

The count late on election night gave Mr. Russell a one vote lead but the following morning Mr. Wiltshire asked for a recount on three ballot boxes and this resulted in a tie vote. The returning officer settled the tie by having a draw.

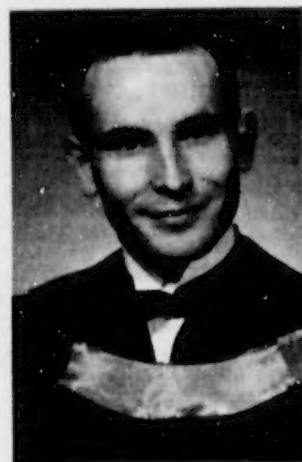

Mr. Russell said "my main reason for standing for re-election on the board was to complete the negotiations with the A.T. A. and I felt that I had an obligation to finish the job." "However, the board has asked me to continue the negotiations as a consultant and since my pers-

onal obligation to the district will be fulfilled I will not contest the count."

Mr. Russell is chairman of the board's negotiating committee. Earlier this year he successfully negotiated a new contract with the Canadian union of public employees for the board and has been negotiating for some time to reach a settlement with the teachers.

Mr. Russell told the Gazette that Mr. Wiltshire had phoned him after the draw to suggest that he ask for a recount. "Jim even offered to pay half the cost which was very commendable of him", said Mr. Russell. He wished Mr. Wiltshire "every success". "Mr. Wiltshire has always taken a keen interest in school affairs and he will be an asset to the board".

Gold Medal Winner

DEITER HARTMETZ

Dieter Hartmetz of St. Albert was awarded the Milton Ezra LaZerte Gold Medal for attaining the highest marks in his fourth year for his degree of B.Ed. at the University of Alberta. The award was made at the Alberta Teachers' Association scholarship banquet held on Oct. 20.

Last year Mr. Hartmetz won the William Aberhart

Scholarship in education. This year he is working on his masters at the Johannes Gutenberg University in Germany.

Mr. Hartman was born in Germany on the Rhine River and at Gutenberg he majored in Latin, French and English. He came to Canada in 1960 and was employed by the department of highways until 1963 when he was admitted to the faculty of education at the U. of A.

His knowledge of the German language has enabled him to hold many interesting positions during the summer recesses. One of these positions was as an interpreter in Germany.

Hon. E.J. Benson

On behalf of Mr. Sulatycky the Hon. E. J. Benson, Minister of Revenue in the Federal Government will be guest speaker at a public meeting in Edson on Oct. 27.

the Gazette REFLECTS

The Provincial government's current policy of holding the line on government expenditures is assuredly one that will meet with the approval of the hard pressed taxpayers. But in the name of reason surely there are better ways of wielding the axe than aiming it at babies, pre-schoolers and University students.

From a government who have been busy spreading statistics on the large percentage of our population under 25 and emphasizing their concern for our youth, it is incredible that Minister A. J. Hooke could say the day-care nurseries are "for the birds". Then we see teachers being accused of stressing the importance of government kindergartens in order to increase their union membership! Anyone following the studies and research being done on this continent on the value, especially to those children from the poorer homes who are the very ones unable to afford private kindergartens, cannot help but be concerned that Alberta is not providing this training. Indeed those teachers working to implement this program are to be commended, not ridiculed.

Both day-care nurseries and kindergartens can give tremendous aid at the root of the problem of welfare and would work to greatly reduce this area of government spending. At the same time both these measures are aimed at getting the greatest benefit from the "Human Resources" we hear so much about from this same government.

There is an obvious place where the axe could come down with far less serious results. Let us abolish the new Department of Youth and divert the entire funds this would make available to day-care nurseries and greatly improved kindergarten facilities. If this department can perform some useful work, and this is yet to be proved, let it wait till the essentials are looked after first.

WEJ

Graduation Exercises Continued from pg. 1

dore Kaklin. The R. LeFebvre French Award was won

by Judith Bernard and Rachelle Cournoyer. The Sturgeon S.D. No. 24 Scholarship Medal and Pin were won by Dianne Soetaert. The S.D. No. 24 Pin was awarded to Theodore Kaklin. The Religious Scholarships, offered by the St. Albert R.C. Parish and the Youville Home went to Cherylynn Borle and Bruce Victor. High School Scrolls for Honor Roll students went to Dianne Soetaert and Theodore Kaklin.

Lorne Wood presented the Major Athletic Award. In making the presentation to petite Yvette Houle, Mr. Wood commented that the audience had probably expected a 6 foot 200 pound student to win this award. But, he pointed out, this is a very special award, given for executive ability, sportsmanship and active participation. Miss Houle, who has entered a novitiate, came in for some teasing by the School's Vice-Principal. "Yvette is going to look pretty conspicuous wearing this Medal on her habit", Mr. Wood said. Guest speaker was the Reverend Francis McMahon, O.M.I. Recalling his recent teach-

ing mission in Africa, Father McMahon said "How fortunate we are in Canada, compared to Africa and other areas of the world." "To be human means to be grateful. Open your hearts and minds to the other people around us," said Father McMahon. The Graduation Exercises were preceded by a dinner and concluded with a dance at the St. Albert Community Hall.

Picture of graduates appeared last week.

Health Plan Claims:

The Alberta Health Plan has announced figures concerning the receipt and payment of claims. Health Plan officials say that a total of 212,462 claims had been received by Sept. 10. By the Oct. 18, 210,345 claims had been assessed and passed for payment.

It was announced that six payment runs by the computer have produced cheques amounting to \$893,672.54, encompassing 121,000 claims.

Welcome
Wagon

A hearty welcome is extended to more new residents of St. Albert.

Mr. and Mrs. Ronald Elliott and family; Mr. and Mrs. Martin Evaniew and family; Mr. and Mrs. John Ferguson and family; Mr. and Mrs. Gordon Grant and family; Mr. and Mrs. James Thurston and family; Mr. and Mrs. William Wallace and family all of the Grandin area.

Mr. and Mrs. David Jaques and family and Mr. and Mrs. Peter Sarch and family of the Sturgeon area.

Mayor Dick Fowler of St. Albert throws the first rock to open the 1967-68 curling season here. Curlers were piped onto the ice in real Highland fashion. The opening took place Oct. 21.

St. Albert Social Diary

The Marguerite D'Youville Auxiliary will be holding its Centennial Tea and Bazaar at the Youville Home Nov. 19 from 2 - 5. A doll made up of 50 Centennial one dollar bills will be drawn for. Tickets for this doll may be obtained at most St. Albert business firms. In addition to aprons, novelties, home baking and a white elephant table, special Souvenir Plates will be sold. These china plates feature a

picture of the new home and have a short history on the back.

Mrs. Carlee Adams of 16 Balmoral is the St. Albert agent for the Canada Save the Children Fund Christmas Cards. An attractive display of the cards is featured in the window of the Kelley-Anne Shop in Grandin Shopper's Park. Orders may be phoned to Mrs. Adams at 599-3473 - or purchased at the Kelley-Anne Shop on Oct. 28 when Mrs. Adams will be in attendance.

The C.W.L. present their annual bazaar, Nov. 3 and 4, in the parish basement. Festivities start Nov. 3 at 8 p.m. with a giant bingo co-sponsored by the Knights of Columbus, coffee and doughnuts will be served. The bazaar booths will be open Friday evening for "window shopping" only. Saturday afternoon the doors open at 1:30 p.m. and a wide variety of goods such as aprons, doll clothes, gift items and home baking will go on sale. The feature attraction is a tea room, presided over by tea cup reader "Madame Who".

Group Breaks
From

Alberta Federation

At the regular monthly meeting of the Leo Nickerson Parent Teacher Association on Oct. 18, the group decided to dissociate from the Alberta Federation of Home and School Associations, adopted a new constitution, and approved a change of name to the Leo Nickerson Parent Teacher Association.

The highlight of the evening was a film "The Test". The film presented the conflicting values children experience between the home and the school. The Parent Teacher Association can be of great value in providing a place of communication for teachers and parents.

A lively discussion of the film followed during the coffee period.

Meetings are held on the third Wednesday of each month in the music room of the school.

A good attendance of both parents and teachers were present.

Blindness Preventable
Every sixteen minutes blindness strikes one American. It is estimated that there are 416,000 blind persons in the U.S.A., and in the next 12 months, 32,700 more people will lose their sight. In the U.S. as in Canada, half of all blindness is preventable.

A rose blooms and a bud is just opening at the Town Hall in St. Albert on Oct. 24. This is the first day of curling for the ladies afternoon group and the regular curling got underway last week. No one seemed to remember a previous year when they had flowers in bloom at curling time.

World Weekend Coming

World Weekend will be celebrated in the Edmonton area Nov. 3 - 5 as part of the Centennial International Development Program to increase public awareness of our obligations and responsibilities as citizens of the world.

Governor General Michener will be joined by noted British economist and writer Lady Barbara Ward Jackson at a special "Concern In" ecumenical service at the Edmonton Gardens on Nov. 5. The service will begin at 8:30 p.m. A group

of 50 singing Nuns will be featured and after the ceremonies there will be a Hyde Park corner where speeches will be given and folk singers will gather.

The "Miles for Millions" walk in Edmonton earlier this year demonstrated that Canadians want to become involved in the world wide campaign against disease, illiteracy and hunger. Many residents from surrounding districts joined the march that helped raise a quarter of a million dollars to aid famine relief, education, ir-

Fire Prevention Week

During fire prevention week, Morinville fire chief Raymond McDonald held fire drills at each school in Morinville and was very pleased with the results.

All classes at Notre Dame Convent, set the local record with a flat 35 seconds to clear all classrooms.

Cunningham School came in second with 55 seconds, the Yellow School placed third with 1.05 minutes and George Vanier School took 1.35 minutes to clear the school. On the spot inspection revealed that good fire prevention was in evidence at all schools, and local fire hazards were non-existent in Morinville schools.

The main public buildings were also inspected, Morinville Recreation Centre, Legion Hall and the two local hotels all passed a good inspection. "On the whole," said Fire Chief McDonald, it can be said that good fire prevention conditions can be described as satisfactory in the town of Morinville. In all the Morinville volunteer fire

brigade responded to seven fire calls last year. Three of these calls were from the town site area and all were squelched in good time to prevent serious damage.

At present there are 15 members in the Morinville volunteer fire brigade under Fire Chief Raymond McDonald, assisted by Deputy Fire Chief Adelard St. Laurent. Each week the fire brigade meet to drill and work as a team. The attendance is excellent, and the morale excellent.

Members of the fire brigade are looking forward to their new spacious fire hall, which will be built very soon on the present location of the old community hall, south of Calgary Power office.

This new modern building will hold three bays for fire engines, and one for an ambulance which Morinville hopes to acquire soon. It will also contain full facilities, including showers and coffee room for the use of firemen.

Co-operative Control

Only co-operative action on the part of district cattlemen will eradicate warble flies from this municipality says Don England, agricultural fieldman for the M.D. of Sturgeon.

He points out that warble flies do migrate from herd to herd, but their flying distance is limited to two or three miles; in other words, an untreated herd in each township could re-infest all treated herds in the area. This is why he stresses co-operative action by all farmers. It is almost as important for a farmer to have the neighbor's herd treated as well as his own; to ensure that no reinfestation occurs. He suggests that each farmer should undertake to remind or even assist his neighbor to treat his cattle once his own herd is treated. The ideal arrangement would, of course, be for two or three neighbors to get together and assist one another in the treatment of their herds.

The agricultural service board, he said, is prepared to assist any farmer in the area by supplying the required chemical and making their sprayer available to any group of farmers who propose to spray their animals rather than use the pour-on method.

He indicated that the complete eradication program arranged for Div. 5 was proceeding as planned and he was certain that every animal would be treated before Dec. 1. He was hopeful that every farmer in the entire municipality would also treat their herds to ensure a complete control of the warble fly.

Mr. England stressed that where an investment of 50¢

would result in a \$10 return, no farmer should think twice whether he should treat or not.

Chemicals required for treatment are available at most farm supply stores, however, for the benefit of those who may have difficulty in obtaining a supply, the Agricultural Fieldmen have chemicals on hand to fill their need.

Although all systemic insecticides, whether it be Co-Ral - Ruelene or Neguron, are safe to use when properly applied; Mr. England points out that label directions should be carefully followed, and that they be applied as early as possible. Although the deadline date for treatment is Dec. 1 he stated that the later the treatment the more adverse reactions or side effects can be expected.

Rural Awards

If anyone was in doubt it took the presentation of awards at St. Albert High School to prove it is no disadvantage to have attended rural schools.

Out of approximately 30 awards, 19 went to former students of the municipal district of Sturgeon. This is a good record.

The winners are: Dianne Soetaert, winner of at least six awards; Theodore Kakin winner of five; Barry Flynn, Phillip Lema, Rose Marie Kluthe, Cherylynn Borle and Bruce Victor.

The municipal district is proud of the example set by these students. George Wilson, chairman of the school board and a member of M.D. council told the Gazette,

Miss Barbara Calder, daughter of Mr. and Mrs. Louis Calder of Morinville who received her R.N. degree at the recent Graduation Exercises of the Misericordia Hospital.

Plans Fire Hall

The following Building Permit was submitted to the Morinville council meeting held on Oct. 10.

Lot 6 Block 3 Plan VIII A Warehouse (Morinville Sales and Service).

Tenders will be called for the sale and removal of community hall located on Jacques Cartier Street. Removal of said hall to be completed on or before Dec. 1, tenders to be in Town Office at 5:00 p.m. Oct. 23.

Dupuis, Dunn, Donohue, Architects will be requested to draw plans for a four bay firehall to be located on this lot.

A letter from Sturgeon Health Unit reports satisfactory bacteriological analysis of town water supply.

Mrs. G. Ricard President

On Oct. 16 the Morinville Mother's Local held their organizing meeting for the coming year.

Mrs. Julie Chalfoux, retiring president, welcomed the mothers and stated the purpose for this general meeting was to organize for the coming year, to sponsor the Morinville Guides and Brownies. In all some 24 Brownies were present and 11 Guides.

Brownie Owl, Tawny Owl Miss Louise Craig and Snow Owl, Mrs. Daphne Curtis, all Brownie leaders were present and several games were played with mother's participating. In all some 13 mothers were present.

Rev Sister Boudreau, Mrs. R. Barilla, Mrs. Gertrude Ricard and Guider Audrey Borle were supporting the Guides. Mrs. Therese Ricard was elected nominations chairman and Mrs. Yvonne Vranas secretary. The Guide Commissioner, Mrs. Diane Sandomirsky of St. Albert, was present.

Elected for the 1967-68 year were: president, Mrs. Gustave Ricard; secretary Mrs. Andrew Ricard; treasurer, Mrs. Robert Lapointe badge secretary, Mrs. Rose Martel.

Oct. 22 the annual rummage and bake sale along with the candy sale and tea by Brownies and Guides was

Gibbon's Girl Guides

On Oct. 18 the Gibbons Girl Guides had a Halloween party. This Guides who passed the hostess badge were Dana Caley, June Fraser, Helen Rigney, Tracy Mabbutt, Cathy Morin, Suann Lamoureux, Sherry Dawson, and Peggy Williams. The Guides who won for the most original were Beth Morin and Holly Sprague, the most commercial were Mary St. Nicholas and Darlene Boettger, the most comical, Cheryl Toratler and Elaine

Dohel, the lady Christine Hoad, the gent Norma Stirton, and the clowns Michelle Lamoureux and Susie Allison.

We would like to thank Mrs. M. Fraser, Mrs. A. Chipchar, and Mrs. M. Montpelier for judging the costumes and Mrs. McWhirter for testing the Guides for their hostess badges.

SAVE A LIFE
BE A BLOOD DONOR

NAMAO NEWS

On Oct. 17, the Happlette Club met at the home of Mrs. Rita Crozier with about 12 members present. Plans were made for a masquerade dance to be held Nov. 4 in the Namao Community Hall. It is hoped that everyone will come in costume and have a good time. Music will be provided by the Pioneers.

Group 11 of Namao U.C. W. met at the home of Mrs. Marilyn Robertson, on Oct. 16 with about 13 members present.

WE NEED YOUR BLOOD.... You Can Help Your Fellow Man

Please be Generous

October 30 to November 4

Mrs. M. White

To all citizens of Morinville and District: The Red Cross Association provides many services and duties of which the largest in this area is the blood donor clinic, which in turn provides blood for the many hospitals in Alberta. Regular clinic hours are held at the Edmonton Blood Donor Clinic which is constantly travelling to different centres of Northern Alberta.

The Red Cross Water Safety program is another important project where youngsters and adults are given expert instruction in swimming and water safety.

Nursing services in the outlying isolated areas, provides medical care to those in need. Yellowknife Hospital for example has a Red Cross outpost station.

Many women donate hours of volunteer labour in sewing and knitting articles of clothing which are sent to disaster areas throughout the world. Food and medical supplies are also available to families in the local areas who have suffered a total loss in the case of fires or flood.

The Red Cross Society has played a tremendous part in conducting lengthy

inquiries in regards to missing relatives and thereby reuniting families which would otherwise never see their loved ones again.

The work of the Red Cross is innumerable and with your generous contribution they can continue helping those in need.

Mrs. Margaret White, R.N.

Our campaign to canvass for the Red Cross funds will commence on Oct. 30. Let's all contemplate for a moment on the many services rendered by our Red Cross.

The first and most important is the gift of life "Your Blood" given to so many in need of blood transfusions; this is the gift most of us can give when the Blood Donor Clinic is in our town.

Now we are asking a bit more in order to help finance the other services undertaken by the Red Cross such as emergency aid in time of disaster, sickroom supplies which can be rented free of charge for two month periods by the patient convalescing at home, water safety services, international relief and youth programs. So when the ladies come to your door, please welcome them and contribute what you are able.

Thank you, Mrs. Christine Vranas, president, Morinville C.W.L.

Now folks you know it is going to be a united effort, Mrs. Alice St. Germain, is the general convener, and a group of volunteers will visit you starting Oct. 30. Support your Red Cross now... it may save your life later.

Janice Brenneis Heads Cool Spoolers

The first business meeting of the Morinville 4-H Sewing Club was held on Oct. 17, in the Rectory. Three leaders, Mrs. Ambrose Brenneis, Mrs. Nick Wojtkiw, Mrs. Norman Meunier and 12 members were present.

There are seven first year members and eight second year members in the Cool Spoolers Club this year. There is also another leader, Mrs. Paul Chalifoux.

Elected were Janice Brenneis, president; Elaine Himschoot, vice-president; Alleen Verbeck, secretary; Yvonne Labonte, treasurer; Janis Pelletier, press-representative; Karen McDonald, social convener; Kathleen Brenneis, council representative and Connie Wojtkiw, communications.

The next meeting will be held on Oct. 30. Mothers of club members are welcome to attend any of the meetings with their daughters.

CNIB

The most popular person in the Canadian Institute For the Blind Edmonton Office is the home teacher Miss Doris Goetz.

She is presently making weekly trips to Glenevis, Morinville and Camrose to give instruction in braille and crafts.

Among the many gadgets Miss Goetz has discovered for helping blind housewives is a battery operated gadget for determining when a cup or utensil is full of a liquid; when the liquid reaches the full mark, the gadget gives a beep signal. This is an English make and as yet is not available here. However, if any blind housewives are interested and the CNIB receive sufficient inquiries, they will endeavour to obtain a supply.

ANNOUNCING

OPERATION

GRUB CONTROL

The Agricultural Service Board of the M.D. of Sturgeon has undertaken a Warble Fly Control programme with the objective of eliminating this pest.

Division 5 has been selected as a test area and an organized effort will be made to ensure that all animals in that area will be treated.

Our Agricultural Fieldmen will concentrate their efforts in Division 5, however, they will provide advice and assistance to anyone in the M.D. requesting it.

Treatment for "Grub Control" will

- * Increase daily gains
- * Improve feed efficiency
- * Eliminate the "grub discount"
- * Control lice

YOU AND YOUR NEIGHBOR
can get rid of the Warble Fly if
YOU TREAT YOUR CATTLE NOW

Tenders Called For

Crushing and Stockpiling 20,000 yards of gravel to be crushed 3/4". Gravel pit located on the NE 3-54-27-4, three miles west and one mile south of Villeneuve.

Lowest or any tender not necessarily accepted. Tenders to be submitted to the undersigned on or before November 15, 1967. Performance Bond or Certified cheque of 5% of amount to accompany each tender, which will be returned to the unsuccessful bidders.

Alphonse Nobert,
Secretary Treasurer,
M. D. of Sturgeon No. 90,
Morinville, Alberta.

MRS. AUDREY BORLE TO HEAD POPPY SALE

On Nov. 4 the Morinville Royal Canadian Legion Branch No. 176 B.E.S.L. will hold their annual Poppy Sale in Morinville. Mrs. Audrey Borle president of the Ladies Auxiliary will convene the sale with members of the Legion and Auxiliary. Legion president Leslie McDonald and Mrs. Borle hope that they will receive the public support that this worthy cause commands, the Poppy Fund for veterans and their families in case of need.

Protect Field Spraying Equip.

Check your sprayer before putting it away for the winter, advises W. Lobay, Supervisor of Soils and Weed Control, Alberta Department of Agriculture.

Some farmers are spraying now for Canada and sow thistle control after harvest. Others have already put their sprayers away for the season. In either case, good common sense and careful storage preparations will prolong the life of the spraying unit and ensure good service next year.

Here are eight points recommended by Mr. Lobay to keep your sprayer in first class condition:

Drain and clean out all the spray solution from the tank, pump, hoses and boom. Remove the end plugs from the boom so that all coarse

material can be flushed out. Fill the tank with clean water and operate the machine for a few minutes to

4-H Member Achievements

This is a speech delivered at the Gibbons School by Linda Paul, Namao 4-H Beef Club, in the 4-H finals held last spring.

"DRAMATIC CHANGE IN RURAL EDUCATION"

Quiet but dramatic changes have been taking place in rural Canada for some years. Many rural communities - possibly most of them - desire either an increase in the amount of education or a change in the direction of education takes particularly at high school levels. I believe that the school board of the municipal district of Sturgeon has come to a conclusion that they cannot provide adequate facilities, both physical and academic, to meet today's requirements. As a result, a large percentage of the high school students from this area were being bused into urban centres for the 1966-67 term. Namao and Horse Hill high schools have been travelling to Victoria Composite high school in Edmonton since September.

Since school begins at 8:40 a.m., we had to leave fairly early. I got on the bus at 7:15. There were already six Horse Hill students on the bus and we travelled on a route to pick up about 25 more. We got to school about 8:30. The ride time one hour and 15 minutes. There are about two and one half miles of corridor in the school and it is possible to have time lost travelling between rooms. This is especially noticeable at 3:30. They left at 3:45 p.m. and the bus waited at St. Joseph's High School for one student until 4:00.

If we happened to miss the bus at Vic, we got a second chance by running to St. Joe's. I got home at 4:45. The bus takes the same route night and morning so that the students that get on

the earliest in the morning get off first at night. All students, therefore have about the same travelling time.

Jeans were only allowed for girls if it is 10 degrees below or colder at Namao than in Edmonton, and if we happened to get into trouble on the road or the heater failed, it could get cold.

There are two libraries one lunch counter and one cafeteria with complete meals at 30¢. Eating at school is very economical. Because there are so many students, about 2700, there is a time problem so many take bag lunches to suit their time schedule.

There is a pupil personnel service with about 12 counsellors. School fees are \$9.50 and include a year book, and I-D card, a combination lock and student

union and instructional fees.

There are about 25 different clubs a student can enter. If you do not have a car to stay in at Vic, you cannot join a club. Some activities are after school and therefore you require transportation. This was the same at Namao but it was much easier for Mother to pick up a student from Namao than to go all the way to the city.

Because of the facilities available and the great number of students attending, a wide range of courses are available. Full matriculation, shop, home economics, business courses including business management, typing, shorthand, bookkeeping, business machines and office practices are all available.

It is quite possible for a student to go directly to work after completing their pro-

gram. This is one of the big advantages not available in a rural high school.

It was a long and tiresome ride morning and night but I think it was well worth it. Had I gone to Namao last year, it would have been impossible for me to get my Grade twelve diploma, with the courses offered.

I do not think that education should be handed to us on a silver platter. I think this generation is willing to put forth some effort to get what they need and what they want. When I think of the students years ago and how they went to school in a sleigh or on horseback or even walked, I think this generation is endowed with the same qualities. I was once told that education was the easiest thing to carry in life and so I am fortunate that I have the opportunity to complete my education. I think that if we keep this in mind, we will

Edmonton public stockyards

Week Ending Thursday, October 19, 1967 - Weekly Report

Receipts	Cattle	Calves	Hogs	Sheep
This Week:	7835	6565	2936	800
Last Week:	5990	6203	2128	550
Last Year:	7816	6590	3003	910

Summary: The heavy receipts of cattle and calves this week were about equal to those for the same week last year. This week's offerings were predominately replacement cattle, especially calves, and plainer quality cows. Trade was generally active with prices about steady on most classes. Slaughter steers and heifers were relatively scarce throughout with bar-

make the bus ride just a little shorter. Yes, this change from a rural high school to a city composite high school is a dramatic change. But it is meeting to a greater degree, the needs of our generation.

ely enough choice kinds on occasions to establish quotations. Butcher steers opened the week under pressure and sold unevenly 25¢ to 50¢ lower as the week closed. Butcher heifers were generally steady throughout with one choice load topping 25.70. The butcher cow trade opened steady with the odd sale to 17.00 but gained some strength as the week closed with all grades selling 25¢ to 50¢ higher in quotations with a few sales to 17.20 for good dry fed kinds. Bulls were about steady with only the odd sale over 18.00 for good kinds. Good quality re-

Double your money with Canada Savings Bonds

One of the great things about Canada is Canada Savings Bonds, and this year's Series is the most exciting yet. Interest starts at 5¼% a year—the highest starting rate ever on a Canada Savings Bond—and goes right up to 6%. Over the 13 years to maturity the true average annual yield is 5.48%.

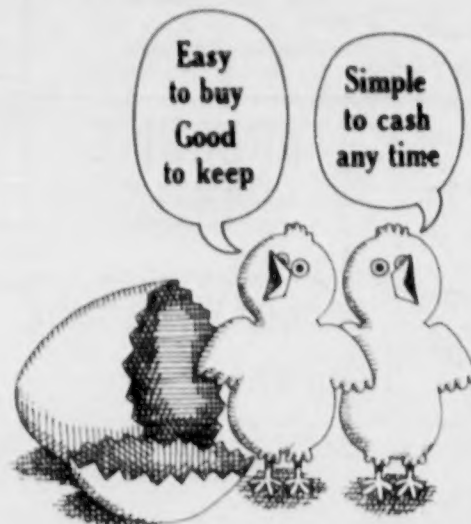

Best of all, Canada Savings Bonds have a wonderful compound interest feature which pays you interest on your interest. Take full advantage of it and you will double your money.

As always, Canada Savings Bonds are instant cash. They may be cashed at any time for their full face value plus accrued interest. They are easy to buy for cash or on instalments. They fit all savings budgets—from \$50 up.

And, for the first time ever, Canada's most popular personal investment may now be bought by businesses, churches, charities, clubs, and other organizations. Another first: the limit per holder for this Series has been increased to \$50,000.

Backed by all the resources of Canada, Canada Savings Bonds are a great way to save. Buy yours today and double your money.

Buy yours today—
where you work, bank or invest!

Brennies) at the age of 70, was announced. Mrs. Foley leaves a family of four grown up children besides her husband. She is the sister of Frank Brennies, Mrs. Floyd Volrath and Edward Brennies of Mearns.

.. ..

Hallowe'en is coming and mothers are reminded that many of the masks sold on the market today are NOT FIREPROOF. Others are designed to hamper the sight of little ones. Let us all make sure that no tragedy mars our centennial year with a child being harmed on Hallowe'en evening. Check and double check each little one, to make sure that the face is free from a mask that will prevent the child from seeing properly or breath freely.

.. ..

On Oct. 1 two young students found a sweater in the Yellow school yard. The owner has till Nov. 4 to identify the garment and claim it. If not claimed by that date the sweater will be given to a needy individual. To claim phone 256-3025 in the evening.

.. ..

Legal Graduation

On Oct. 20 the annual graduation and awards evening of St. Emile High School in Legal had as its theme "Tomorrow a Vision of Hope".

The evening began with benediction at St. Emile Church.

All then gathered at the school gymnasium for the exercises. President of the '67 - 68 students' council, Jim Pysmany, was chairman and he opened the ceremonies by extending a welcome to all present. Simone Demers then presented the introduction to the theme, which this year was "Tomorrow a Vision of Hope".

The message from the principal, Dixon Keane, followed. He introduced the graduates as he presented each with a scroll, a symbol of their scholastic accomplishments. The graduates were: Lorraine Baert, Louise Coulombe, Blair Cyr, Denis Douzlech, Ursula Harper (nee Jensen), Wilfred Kern, Wayne Krauskopf, Madeleine Larose, Michaelina Stapleton (nee Montpetit), Etienne Paquin, Sherry-Anne St. Martin, Marcel St. Onge, Walter Sudyk, and Constance Theberge.

Valedictory addresses were made in English by Michaelina Stapleton, and in French by Louise Coulombe. 'Les Marines', a group of young ladies from Legal, were next on the program as they sang 'My Best to You' and another appropriate selection.

Father Ricard spoke as pastor, and as member of the school board in his address.

The guest speaker for the evening was Ray Speaker, minister without portfolio in the Legislative Assembly. Mr. Speaker stressed the importance of doing our best today so that there would be happy and fruitful tomorrows.

Reverend Sister Blanchette, vice-principal, joined Mr. Keane in awarding the academic pins and medallions to deserving students. Pins were presented to all students achieving an average of 75% or better, and a pin and medallion to the student with the highest marks in each of the Grade 9 to 12 inclusively. The recipients were: Grade 9: pin and medallion to Rodney Dobson; Grade 11: medal and pin to Simone Demers, and pins to Rogelle Auger, Jim Pysmany and Emille Prefontaine, (honorary mention to Rose Holzer and Marie Cloutier); Grade 12: medallion and pin to Louise Coulombe.

The highest Grade 10 standing was achieved by Adele Krauskopf. Since Adele resides in the Sturgeon School District but attends Legal High, Mr. McDonnell presented her with a Sturgeon medallion and pin.

Now that Legal is an independent school district, three scholarships of \$250, \$125 and \$75 respectively are awarded to the top Grade 12 matriculants who attend university the following year. Mr. Roger Prefontaine, chairman of the school board made the presentations to

Not present: Blair Cyr, Ursula Jensen, Wayne Krauskopf, Etienne Paquin and Walter Sudyk.

GOOD CROP YIELD

Wheat Pool member Eugene Boyko of Winterburn, close to Edmonton, has thrashed 10,000 bushels of barley from a 100 acre field which is one hundred bushels per acre — not a record yield but more than good for a year when the provincial average for barley is only 32 bushels per acre.

Legal Locals

The Legal recreation board is making a number of improvements in the arena. This past week

many workers turned out to assist in the leveling of the rink, paint the fence, haul gravel and the pouring

of cement sidewalks. The construction of the bleachers and installation of heaters will commence this week. Enlargement of the players dressing rooms and lunch counter will follow.

Mrs. Nazaire Lessard and Leslie Halter are patients at the General Hospital.

Petite Vivian Tieulle is back home after spending

a week in hospital.

The advance sewing course will be held in Legal on Dec. 6, 7, and 8. No pre-sewing clinic before the course.

A group of ladies are busy making Hallowe'en costumes for the masquerade on Nov. 28.

Have you ever wondered...

... if you have a hidden talent just waiting to be discovered.

Everyone has a certain amount of creative ability but, in most cases, expert help is needed to realize and develop this talent. Professional help in all phases of the creative and performing arts is available to everyone in Alberta through the Cultural Development Branch of the Alberta Provincial Secretary's Department. Experts in all phases of arts and crafts, painting, sculpture and ceramics; music, both instrumental and vocal; the theatre arts, acting, directing, stage management and make-up; are available to all age groups in all parts of the province. The only requisite for obtaining this instruction is the formation of a group whose members have a common desire to develop their creative ability. The Cultural Development Branch also provides assistance in the development of libraries; organization, management and administration. Beginning with the exposure of the performing and expressive arts through tours and exhibitions, to financial aid to students in professional art careers, the Cultural Development Branch contributes greatly to the esthetic growth of our province.

... where Community Development begins?

Community Development begins with the people of the community. It is the residents who decide that social and economic problems exist and it is the residents who must take action to solve these problems. If they wish professional assistance, they may invite a Community Development Officer to help them in finding the solutions. His major task in carrying out such an assignment is to create learning situations which, in time, will provide the people of the community with increased knowledge, added skills and greater self-confidence. These attributes, in turn, will allow residents to take a more active part in making decisions which affect them and their community. The Community Development Branch will assist the people of all Alberta communities, in accordance with the province's program on Human Resources Development.

... about the standard of living enjoyed by Alberta's chickens?

Chickens, turkeys and other poultry destined for Alberta's dinner tables enjoy top level living. Poultry producers and processors are required to maintain high standards of operation, facilities and sani-

tation in order to be licensed by the Poultry Branch of the Alberta Department of Agriculture.

To see that these qualities are kept up, the Branch makes regular inspections of housing, ventilation, automation, feeds and feeding, disease prevention and management techniques. To assist in maintaining the standards set, the Branch provides specialized services and technical and statistical information to producers, hatchery operators, processors, feed manufacturers, and allied industries.

... how medical care is provided for the residents of Alberta's sparsely-populated northland?

In an area of 104,000 square miles, with a population density of considerably less than one person per square mile, six Municipal Nurses of the Alberta Department of Health travel by plane, train, car and foot to provide the Northern Alberta Health Service. This is a program of preventive health and emergency treatment which includes immunizing children, delivering babies and treating accident victims. Where necessary, the nurses' services are supplemented by medical specialists flown in to administer to specific needs. In addition to serving the north country, there are seven other Municipal Nursing stations in the province, providing emergency treatment service, public health services and pre-

ventive medicine in areas which have no easy access to hospital or medical care. The nurses and the facilities they operate are financed by the Alberta Department of Health, although a small charge is made for treatment, and medications provided for emergency purposes are provided at cost.

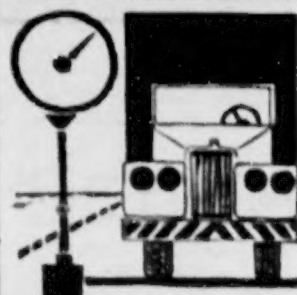

... if "agriculture" and "conservation" are really totally incompatible?

Not really. They CAN live together in peace and harmony, and that's a fact that's being proven by the Conservation and Utilization Branch of the Program Development Division, Alberta Department

of Agriculture. Under the Branch's Land Assembly Program, areas presently being used for agricultural purposes but which have recreational and conservational potential are being purchased from their owners and are being utilized for all these purposes. In addition, financial assistance is available to farmers who wish to develop new land under the condition that they leave designated portions in a natural state to provide a recreational area and cover for wild game. In this way, Alberta's most valuable land areas have a multiple use, contributing to both agriculture and conservation.

... how Alberta's highways are protected against "cracking up"?

Highways are like humans, they can only take so much pressure before going to pieces. To ensure Alberta's highways of a long and useful life, the weight and size of the vehicles using them are carefully controlled. All primary highways in the province carry a load limit established by the Highway Traffic Board of the Alberta Department of Highways. Any load exceeding these limits must have a special permit. When this is applied for, the Board considers the route selected, the size and nature of the load, number of bridges en route and traffic conditions. If all factors are agreeable, the permit is issued. If changes are necessary, the Board may require the load to be split between two or more trucks, the use of an alternate route, a controlled speed, or other revisions. Enforcement of these regulations allow Alberta motorists full enjoyment of their highways with a minimum of traffic obstruction and ensure a maximum life span for each highway.

LEGAL GRADUATION Continued from Page 5

Louise Coulombe, Lorraine Baert and Wilfred Kern, Entertainment followed. The Auger sisters, Rogelle and Dolores, sang 'You'll Never Walk Alone'.

Each year various organizations present ten-dollar cheques to the top students of each grade. Representing

the Ladies Auxiliary, Mrs. H. St. Onge awarded cheques to the highest achieving Gradell matriculant: Louise Coulombe, and diploma student, Ursula Harper and the top Grade 9 student, Rodney Dobson.

Adele Krauskopf, and Simone Demers, Grade 10 and 11 students, received the C.W.A. cheques presented by Mrs. R. Hunting.

The Ladies of St. Anne awarded their sum to the top student in Grade 10 A.C.F.A. final French examinations, who this year was Adele Krauskopf.

This concluded the exercises, which were followed by a dance featuring the Satellites. At midnight a lunch was served.

The entire gymnasium was decorated in blue and silver, with blue and white flowers on streamers suspended from the ceiling and forming semi-arcs. On the southern wall, a scroll 6' x 10' on which was written the inspiring poem, was suspended.

The students are to be highly commended for all their work in preparing Grad

EGGS: The local egg market continues steady with considerable eggs being brought in from outside provinces for local retail demand. The market is expected to hold firm for this coming week.

POULTRY: Turkey marketings continue steady but considerable uneasiness is developing re turkey Boards' prices. Availability of product outside the province at unrealistic prices is causing considerable concern, and low price product at time of reporting has entered Alberta.

SPRAYING EQUIPMENT Continued from Page 3

flush the water through the boom.

Fill the tank with clean water again and add about 1 and 1/2 ounces of household ammonia or trisodium phosphate per gallon. Run this solution through the unit so that it is discharged through the boom. This will remove weed spray residues which may have accumulated.

Remove all nozzles. Disassemble and clean the screen and other nozzle parts in fuel oil. They can be dried or stored in a jar of fuel oil.

Drain the pump and coat it with a soluble oil or an automobile rust inhibitor. This will prevent the pump from sticking next time it is used. Frost damage will occur if any water is left in the pump.

Spray or rinse tanks which are susceptible to rust with an oil soluble in water or a rust inhibitor.

Remove, wash and store hoses. Many farmers coil them neatly in a clean 5 gallon pail. Never kink or hang them on a nail.

Support the sprayer boom off the ground so that it will not come in contact with soil

YES!

Jasper-Edson STILL needs a STRONG

Conservative voice in

the Parliament of Canada

DOUG CASTON
CONSERVATIVE

CASTON, Doug

X

☆ Family Man

Doug Caston and his wife Vi and their seven children (three at home and four married) have been a vibrant part of life in their community for many years.

☆ Community Man

There has been very little going on in the area that Doug through his newspaper and community participation has not had a hand in during the past 30 years (except for service with the RCAF during the war).

☆ Business Experience

As a businessman employing a modest staff he has been beset by and solved many of the problems that operators of small businesses are heir to.

☆ For the Everyday Man

When Doug has taken up the pen it has been with the good of his community in mind. Injustice to anyone, especially the ordinary guy, gets him mad and this is when he thinks he is performing his best community role.

☆ Politics

Through the years Doug has worked and voted for whomever he considered the best men available without worrying about party labels.

Doug's father was a Saskatchewan Conservative when this took some courage during the Liberal regime of that province's early years.

In his teens, as many young men do, Doug experimented with the ideas of monetary reform as advocated by the early Social Credit movement, etc.

Experience has brought him around to the political philosophy of his Conservative father who held that government is for the individual and not the other way around.

☆ Not Afraid

Doug Caston is not afraid to make decisions;

Is not afraid of criticism when he thinks he's right;

Has never been afraid of hard work — he would never have chosen newspapering if he had been;

He has always faced competition head on;

He is not afraid to learn from experience;

Having lived most of his life in the semi-public fish bowl of newspapering where it's open season on editors all the time his taking up of the responsibilities of life in the political arena should be right up his alley.

And he's not afraid to ask for your support in facing up to the principles he believes in.

☆ An Important Election

Doug feels strongly that this by-election is important in spite of the constituency being gerrymandered in redistribution. While some of our constituents will be going into Wetaskiwin and Pembina, the western half of Jasper-Edson will form sixty per cent of the new Rocky Mountain constituency.

Rocky Mountain is a monster, but still the interests of what is left of Jasper-Edson will need a strong voice speaking on their behalf.

☆ The Issues

The interests of farmers in the east part of Jasper-Edson are being threatened by policies being put into effect in Ottawa right now.

Expansion of our petroleum industry is being threatened by the same policy makers in Ottawa.

While on our west side the people of Jasper are being threatened with what amounts to confiscation of their life savings. Their freedom is being circumscribed to the point where they are little better than second class citizens.

You will be well represented by VOTING

CASTON for CONSERVATIVE

Inserted by Jasper-Edson Conservative Association
